

ECOVIS International
Members Directory 2019

■ In these countries Ecovis is represented

About Ecovis

Ecovis is a leading global consulting network with its origins in Continental Europe. It has over 6,500 people operating on six continents in more than 70 countries. Its consulting focus and core competencies lie in the areas of tax consultation, accounting, auditing and legal advice. The particular strength of Ecovis is the combination of personal advice at a local level with the general expertise of an international and interdisciplinary network of professionals.

Every Ecovis office can rely on qualified specialists in the back offices as well as on the specific industrial or national know-how of all the Ecovis experts worldwide. This diversified expertise

provides clients with effective support, especially in the fields of international transactions and investments – from preparation in the client’s home country to support in the target country. In its consulting work Ecovis concentrates mainly on mid-sized firms. Both nationally and internationally, its one stop-shop concept ensures all-round support in legal, fiscal, managerial and administrative issues.

The name Ecovis, a combination of the terms economy and vision, expresses both its international character and its focus on the future and growth.
